

13 Colonies "Rap Parody"

[You Tube](#)

- England came to the USA-
- Set up 13 Colonies to have their way.
- Grow food, cotton, tobacco on fertile soil
- Cash crops using slaves to toil.
- 13 Colonies divided in 3
- From North to South they're going to be
- New England & Middle, Southern there.
- Let's talk about which colonies go where
- New England is north, the fishing is good, building ships made out of wood.
- Connecticut , Rhode Island, Massachusetts too,
- New Hampshire makes 4 and were are through.
- The winter's long & The summer's short.
- Many trees and good seaports.
- Often colonies, I'm here to report,
- Geographically they're furthest north.
- The middle colonies let me declare,
- Pennsylvania, New York, New Jersey, & Delaware.
- Lower than New England so the growing season was a lot better,
- sunlight was the reason.
- Rivers helped the farmers, get their goods sold.
- Animals to be hunted for food and clothes.
- Religions were diverse & tolerated unusual for colonies,
- diversity can be hated.
- Maryland, Virginia & North Carolina.
- South Carolina & Georgia, the weather couldn't be finer.
- The Southern Colonies, the weather was hot,
- wild winters, warm summers is what you got.
- These make for perfect farming, growing season longer,
- Tobacco, Indigo, Rice the economy couldn't be stronger.
- They were Baptists & highly religious, they had slaves.
- What's up with that? I'll take it to my grave. 1
- 3 Colonies, England was the boss,
- to exploit resources, Native Americans to be tossed.
- \$ from taxes, slaves from labor,
- but it soon would end, wouldn't it neighbor?
