SOCIAL SECURITY ADVERTISEMENT

The posters above were all created to sell Social Security to the American Public.

President Roosevelt's original plan consisted of three parts:

1. Old Age Pensions - 65 Years and older

2. Unemployment Insurance

3. Aid for dependent children, blind and the disabled.

Create a advertisement poster selling one of the three parts of Social Security to the American people. Include the benefits of social security in your poster. You will be graded on content, neatness, and creativity.
